

What's On in Coverack April 2020

During this particularly difficult time, the Parish Council would like to coordinate a volunteer response for the Parish.

If you are willing and able to run errands for those who are self-isolating or vulnerable, please contact us at stkevernepc@outlook.com and submit your name, email address and most importantly your postcode, by Tuesday 31st March.

Please share widely to help us get the word out.

Thank you

CS2000's monthly email update will be extended to include other information about Coverack as there will not be public events running at the moment, this update will be posted on the Coverack website and Coverack Village Facebook page as usual. The events run by CS2000 are being cancelled on a month by month basis and we will update this when we can. We will continue to work to help keep people in touch with Coverack. We hope that the photos we share are a positive thing and a reminder that Coverack will be here at the end of this; they are not an invitation to visit right now. We look forwards to extending a warm Coverack welcome to everyone in the future, when these difficult times have passed.

There will be no What's On in Coverack booklet this May, the funding of the production of this booklet is from Coverack businesses and we will not ask them for money at this difficult time. CS2000 will continue to provide information on the Coverack Facebook page and Coverack website and we will also continue to send out an email update of What's On in Coverack at the end of each month.

CS2000 will not ask for any advertising fees on the Coverack website and Coverack Facebook page for businesses and accommodation, this is a small gesture to help all businesses. As a community group we would like to extend a large thank you to those with holiday accommodation who have closed for bookings to help keep our community as safe as it can be as our infrastructure cannot cope with more people during the Covid 19 outbreak. Your assistance is much appreciated and in line with the governments advice about refraining from any non-essential travel.

The majority of Coverack businesses are now closed, in line with Government guidelines: The below detail some businesses that advertise in the Coverack What's On booklet and what they are offering under these exceptional conditions.

Coverack Village Stores: are working hard to keep everyone supplied with essentials and much more! The café space is being used for extra stock, particularly bulky items. Phil, Olivia & the team are working very hard and as always are going the extra mile sorting out deliveries as well.

Coverack Post Office is Monday and Thursday 1400 until 1600 All usual services available in St Peter's Hall.

Cornish Pisky Pals: No Pisky Trails at the moment. There is a free download colouring sheet on the Pisky website www.cornishpisky.co.uk and all online products are currently still available.

Harbour Lights: Shut at the moment but if there is a call in Coverack for Homemade cakes, take home meals to collect and cook, Jane may try and do something as a shop! Meals could be takeaway fresh or frozen. e.g lasagne, fish pie etc. Cakes could be various, complete cakes to order or selling portions wrapped to buy as a shop! Also fresh fish can be ordered in/shop bought, pot luck! Not as a takeaway more of a take home and cook idea if there is a need! Please contact via Facebook page, website www.harbourlightscafecoverack.co.uk or 01326 280956

Lizard Computing: Available for remote IT support/help and tuition. Help and tuition with Office programs, photo editing, email etc. PC tune up, virus, malware and spyware removal all can be done remotely as well as security provision. Contact Rob 01326 281448 Lizard Computing

Richard Buckingham Furniture: Will soon be having a sale of gallery stock, via website or contact direct. Obviously it will be on a buy now, deliver when safe but it is an opportunity to buy one of my pieces for a very reduced price. website <https://www.richardbuckinghamfurniture.co.uk/>. We are hoping to have details on the website in about a week. Please contact Richard if you need any further information.

Roskilly's: Closed apart from online deliveries and anyone who wants to buy and collect ice cream directly from the warehouse. We are looking to get some kind of local delivery service going in the near future but nothing is confirmed yet.

Both **The Lambeage Hall & St Peter's Hall** have suspended events until further notice, in line with the government guidelines.

To check on events or information about Coverack, visit Coverack Village Community on Facebook and Instagram or visit our website www.coverack.org.uk please like, share and support!

If you would like to receive a monthly email update of 'What's On In Coverack', then please email Caroline coordinator@coverack.org.uk to be added to the list.

Further information on the Coverack Area thanks to Dan & Peter:

Some of the more interesting Bird sightings in around Coverack, March 2020, thanks to Dan Beadle.

- Wheatear - Good numbers arrived on the cliffs back from Africa from a little over a week ago now, but they seem to have moved on again up the country.
- Black Redstart - One female on the cliff at Black Head a few days back.
- Peregrine - Two flew over the garden a few weeks back and one buzzed the rookery at Coverack School at high speed today so there seems to be some around.
- Kestrel - Busy hunting on the cliffs, a great watch.
- Little Egret - A good crowd has been gathering on the piles of seaweed below the Lambeage Hall, 18 is my best tally so far.
- Sparrowhawk - While not particularly popular with the smaller birds, they're pretty impressive swooping in and around the garden.
- Gannet - the stormy seas may have been keeping the Sandwich Terns away for now (apart from one nearer the start of March reported to Cornwall Birds) but the gannets are making good use of them.
- Skylark - lovely to hear them singing on the cliffs.
- Chiffchaff - Some overwinter here and others further south, but it's good to be hearing them in good voice from early to mid-March.
- Blackcap - Another partial migrant, I heard my first male singing for the year a couple of days ago, and hopefully more will start up in the coming days.
- Blackbird - The pair in my garden are on eggs, the female sneaking off every now and then to grab some bird food from the floor.
- Barn Owl - I haven't seen any in a while but sound-recorded one screeching over the garden the other night.

Below is a list of wild flowers in bloom in our garden in Coverack on 20th March - 11 species. People might like to email me their garden lists, or just do a count for themselves. It could just be a number of species found, or more detail, as desired by the list maker. I could attempt to identify photographs of mystery flowers for puzzled enthusiasts.

It should be noted that the longest list is a sign of the greatest enthusiasm for the beauties of nature!

Best wishes from Peter Wood woodpgs@gmail.com

Wild Flowers

Garden List TR12 6TB
20 March 2020 SW780182

In Flower
