

## What's On in Coverack, August 2020.

There is not a What's On in Coverack booklet this summer as the situation is changing and we don't know what events will run. CS2000 will continue to produce this monthly email update, which will be posted on the Coverack website and Coverack Village Facebook page as usual. The events run by CS2000 are being cancelled on a month by month basis. As a community group we will continue to work to help keep people in touch with Coverack.

Coverack is open and welcoming visitors, we would please ask everyone to be considerate and patient as we work out our new normal, safety for everyone is the top priority. Things will not be the same as they always have been, please bear with us as we make it a positive and safe place for everyone. Please avoid busy and congested areas and if you want to visit an attraction or eat out please plan in advance and book. The car parks are open, with honesty boxes for the Parish Council to help fund the public toilets and local charities. Please take your rubbish home with you.

As a community group Coverack Space 2000 has run events in Coverack Village for 21 years now: We are sorry to say that we will cancel all Coverack beach events planned in August 2020. This will mean no: Tide Challenge, Sand Castle Competition, Rock Pool Safari or Night of Twinkling Lights. All of these events involve encouraging people to congregate in one area and the CS2000 committee feel that we cannot continue with these events in the current climate. We would like to thank everyone for their support over the years and we look forwards to when we can see you all on the beach again.

The majority of Public Events are cancelled or modified due to restrictions surrounding Covid19 and gatherings of no more than 6 people...but you could:

**Carry out a beach clean: Tuesday 4<sup>th</sup> Coverack Beach Clean** (First Tuesday of every month). Anyone can help out individually or in family groups, any time of day but please observe social distancing rules. Please place collected rubbish in the nearby bins or for large pieces of beach rubbish, by the dog waste bin at North Corner, Coverack. Low tide is at 12:46 so there will be some beach to clean for the majority of the day. **Please consider doing a 2 minute beach clean whenever you visit the beach** – if everyone did this we would have a lot less litter in the sea. In the current climate please make sure you take particular care, wear gloves, safely dispose of the rubbish and wash your hands after.
