

What's On in Coverack, September 2020.

Coverack is open and welcoming visitors, we would please ask everyone to be considerate and patient as we manage our new normal; safety for everyone is the top priority. Things will not be the same as they always have been, please bear with us as we make it a positive and safe place for everyone. Please avoid busy and congested areas and if you want to visit an attraction or eat out please plan in advance and book. The car parks are open, with honesty boxes for the Parish Council to help fund the public toilets and local charities. Please take your rubbish home with you.

As a community group Coverack Space 2000 has run events in Coverack Village for 21 years now: We are cancelling events on a month by month basis as events involve encouraging people to congregate in one area the CS2000 committee feel that we cannot continue to run events in the current climate. We would like to thank everyone for their support over the years and we look forwards to when we can see you all at an event again.

The majority of Public Events are cancelled or modified due to restrictions surrounding Covid19 and gatherings of no more than 6 people...but you could:

Carry out a beach clean: Tuesday 1st Coverack Beach Clean (First Tuesday of every month). Anyone can help out individually or in family groups, any time of day but please observe social distancing rules. Please place collected rubbish in the nearby bins or for large pieces of beach rubbish, by the dog waste bin at North Corner, Coverack. **Please consider doing a 2 minute beach clean whenever you visit the beach** – if everyone did this we would have a lot less litter in the sea. In the current climate please make sure you take particular care, wear gloves, safely dispose of the rubbish and wash your hands after.

Fund raising

Coverack Space 2000 Community Group: This group maintains the Coverack Village Cornwall website and also Coverack Village Facebook and Instagram pages and provides a monthly update of What's On in Coverack. The aim is to promote Coverack and to keep people in touch with what is going on in Coverack. CS2000 usually run a busy programme of events throughout the year in order to be self-funding and to continue to provide community events in the future. Thank you to those who have made donations through Pay Pal on the Coverack Village website, and to those who have purchased 'Coverack' books through the website. Many thanks to Coverack Village Stores who have been selling second hand books and donating the funds to CS2000; all support is much appreciated.

Lambeage Hall: Lambeage Hall

Funding: We were very fortunate to be awarded a government grant to enable us to pay our bills. Just as well as we lost all our events and lettings incomes. It made us realise the need to diversify. So we are now launching.....**Lambeage Lottery**

Together with other small charities we have joined Onelottery. Each week one of our supporters will win a cash prize and may win up to £25,000. Tickets are only £1 each. Our first draw is 5th September so if you fancy a flutter that will benefit our village hall, please buy a ticket or two. You can buy as a one off or regularly by direct debit. Via: www.onelottery.co.uk and search for Lambeage Hall. 50% of all our ticket sales go to our village hall – more than any other lottery.

Tickets also available via our website, revamped by Rob Beadle and the committee under lockdown: www.lambeagehall.org.uk Thank you to everyone who has bought a ticket so far.

Treasurer: we are still seeking a treasurer to join our great committee. Contact Rod Pierce Chair on 280208, Helen Macfarlane Vice Chair 280594 Sue Martin Secretary 280260 Norman Reed Project Manager 281001

NHS Fund Raising the Blue Heart campaign to help raise money for the NHS charities. After much trial and error, Angie Richards and Jan Carthew, both living in Coverack, came up with a crochet heart brooch design. It represents the constant support the NHS provides. If you would like to purchase one they are

currently available from **Brenda's** in Coverack, St Keverne Village Stores or Spar in Mullion, for a minimum donation of £1. If there are any crafters with an idle hook that would like to join in making them then just contact either Angie: 07789 237500 or Jan: 07769290979 to find out more.

Some very positive news from Coverack, regarding the Fisherman's Rest.

Many of you will know that the Fishermen's Rest, on the harbour, was in a dilapidated state: Liz Hanley and Sheila Pryor made it a priority of theirs to see this community facility restored before it suffered irreparable damage. The report below shows just what excellent progress has been made so far.

The roof has been completely replaced by Hugh Richards. Hugh had enthusiastic help from Colin Whymark and John Campbell. It looks so smart now. The water soaked beam which had plastic covering it for so many years has gone and been replaced with a metal beam. This was done early in the morning before traffic and people were about using Raymond's digger! Several men from the village got up early to give assistance! The rusty lintels have been replaced and Hugh has made two new windows above the sink area. The heating, electrics and interior still needs doing but the ceiling is now plastered ready for painting. We are all so thrilled with what has been done so far. It wouldn't have happened without so much support from the village and other donations. We are very grateful.

As we move from the Summer to the Autumn the tourist based businesses hope to be able to continue to trade and perhaps make up for some of the lost income in the Spring and early Summer. The number of people in a shop or business are restricted so you may need to queue but please do support these independent businesses so that they will be able to survive and be here in the future. Money spent in a small business makes a big difference to that business and has many knock on effects in the wider community. Please keep it local.
